

NOT YOUR AVERAGE FUNDRAISER

Average fundraising programs may require minimum orders, lots of paperwork, and after it's all said and done, you still have to distribute the products you sell. Our program elevates traditional fundraising and offers the following benefits:

ONLINE PLATFORM

Includes customized page to promote cause, the ability to sell products and accept donations, marketing tools for both online and offline sales, and detailed contribution information.

DIRECT SHIPMENTS

Avoid the hassle of passing out products. We ship all orders in a decorative red or green box directly to the doorstep of your supporters or their gift recipients.

15% PAYOUTS

Our whopping 15% payout for each individual sale applies to in person, phone, and online orders.

100% DONATIONS

Most fundraising companies keep a percentage of any direct donations made to your organization; we don't. Your group receives 100% of all online donations.
